*Luzerne*

## THE LUZERNE

*The Luzerne* is a transformative brand experience brought alive by the vision of the Lek family. The name goes beyond a brick-and-mortar building—it is an all-round concept that embodies a heritage spanning more than 75 years and a contemporary identity that continues to deliver the Everyday Best experience.

With an illustrious profile that crosses three quarters of a century, the brand has had numerous milestones dotted throughout its timeline but the hallmark project that encased the jewel in the crown is the integrated Luzerne brand experience that assembles the best of hospitality, retail and design. Collectively, *The Luzerne* now offers its unique brand experience in two locations: metropolitan Singapore where the brand story continues to flourish and Dehua, China the birthplace of Blanc de Chine, where it sets the backdrop for a homecoming to the roots of porcelain craft.

Both developments offer a stunning hybrid of environments that bring guests and business partners on a truly experiential journey. But it is the Lek family's dedication to preserving its heritage that sparked the catalyst for this crowning jewel. It is a bold and inspirational vision where visitors can immerse themselves in the brand legacy right from the moment they enter the premises. Every touchpoint carefully conceived to bring out its own unique story, visitors are treated to a sensory experience as they make their way in. And key to this journey at *The Luzerne*, Singapore is a kiln that invites everyone to make and bring home a piece of their very own customised tableware.

As a fitting tribute to the legacy where it all started, a new chapter now unveils in Singapore as *Luzerne* celebrates more than 75 years of brand building, hand-in-hand with the nation's forefathers.

# The Luzerne Singapore

Drawing inspiration from the bygone years of old Singapore, the development offers a hint of nostalgia at every corner such as the metal sliding gates of The Shop and The Gallery that are reminiscent of old-school provision stores. Visitors would also notice the wall design of early HDB blocks that feature elaborate cut-out motifs in The Lounge. Of particular sentimental value is the antique signboard that fronted the brand's original Hiap Huat Pottery shop located at Beach Road, now on display above the entrance of The Shop.

From the humble beginnings of a small shop in pre-independent Singapore to its present-day metamorphosis, the brand has come full circle by passing on its legacy to the next generation.

## The Shop

A kiln-to-shop concept that introduces the brand's iconic products via several touchpoints, The Shop is an award-winning immersive journey where customers can pick up award-winning collections to create the Everyday Best experience at home.

## The Gallery

Functioning as a trade showroom, The Gallery is a lavish showcase featuring one piece of every product range that has been specifically designed for our hospitality partners. This space also intersects with The Experience where events can be hosted.

## The Experience

The brand journey culminates in The Experience where guests can host their events amidst a backdrop of accessible tableware, food and wine—truly elevating the Everyday Best experience.

## The Den

An intimate hideout, The Den is an enclave where world-renowned collections produced by Luzerne are showcased.

## The Residence

Headquarters of the company's global corporate profile, The Residence houses the management team and its Singapore employees.

# The Luzerne Dehua

A remarkable meeting of hotel and factory, the project draws inspiration from the ancient traditions of porcelain craft in Dehua, China – birthplace of Blanc de Chine and simultaneously conferred the status of World Porcelain City, World Heritage Site and National Civilised City.

The property is a beautiful collection of five distinct environments resplendent with traditional Fujian interiors that generously employ the usage of natural stone and wood. The hotel's 108 rooms and suites have also been reimaged by architects Andre Guimond and Evan Erlebacher of New York-based Present Architecture, who were previously at the practices of Toyo Ito and Zaha Hadid respectively.

Visit The Space and learn about the rich history and culture that make Dehua the World Porcelain City. Discover Dehua porcelain and Luzerne through our interactive museum and factory tour. ## Luzerne's Unique Bond With Dehua

China boasts a few towns that are world famed for their ceramic craftsmanship but none stands out like Dehua, a small county tucked away in the southeast province of Fujian. So, what makes this quaint little town so special? Historically, Dehua is the birthplace of Blanc de Chine, a name given to porcelain celebrated for their soft ivory-white hue. It is thus no surprise that it is also commonly referred to as The World Porcelain City. In 2021, the kilns of Dehua were ceremoniously inscribed on the UNESCO World Heritage List. And as an ode to Dehua's unique status, the Chinese government conferred it the National Civilised City Award (NCCA) to further boost its development. Fittingly, Luzerne's production facility is also based in Dehua where our artisans hone their craft to deliver the Everyday Best Experience.

It’s been 75 years of creating fine china for the world’s top food, hospitality, retail and aviation brands. Luzerne is proudly made in the World Porcelain City of Dehua, China, but remains a Singaporean brand resolutely committed to quality and our customers. For your support and inspiration, we thank you.

It’s why we make premium tableware accessible, and why our service partners in over 58 countries around the world guarantee support at all times.

May Luzerne be a natural companion for your best moments in life.

Luzerne is a part of Hiap Huat Holdings, Singapore’s most established ceramics tableware company, which was founded in Singapore in 1947 by Lek Song Cheng, an immigrant from Swatow, Guangdong province, China.

Produced in the World Porcelain City of Dehua, China, Luzerne products are made from fine indigenous kaolin clay and fired at high temperatures to produce a clear translucent texture and a distinctive soft ivory colour. Luzerne products are animal bone ash-free and culture sensitive—an integral part of our belief that tableware should be accessible to all kitchens.

Our over 800 trained artisans personally ensure the exceptional workmanship of each of our products. Luzerne sets these exacting standards for all quality tableware. As the preferred tableware choice for leading hotels, airlines, dining establishments, guests and homeowners around the world, we believe in helping one and all achieve their everyday best, every day.

## The Luzerne Process

## Our Craft

Every Luzerne piece is honed by the technique and proficiency we have gathered over more than half a century, and refined by our unwavering focus on quality and craftsmanship. From our factory in Dehua, China—birthplace of Blanc de Chine and simultaneously conferred the status of World Porcelain City, World Heritage Site and National Civilised City—to our customers, Luzerne wares are marked by our dedication and adherence to perfection.

It begins with the right mix of raw materials: fine silky clay ground, sieved, demagnetised and filtered to our exacting standards by our team of experienced technicians. The clay base is shaped in 3D plaster moulds designed by artisans, and then placed in an automated kiln for the initial biscuit-firing process at a temperature of 800 degrees Celsius.

The pieces are hand-painted to design specifications or glazed to achieve the precise effect required, be it transparency, opacity or a semi-matte effect. The glazed wares are then fired for a second time in the kiln at a temperature of 1,250–1,300 degrees Celsius to produce a perfect finish. If decal decorations are required, they are applied and the pieces fired for a third time. Finally, the finished wares are inspected thoroughly for quality assurance purposes before they are delivered.

The Luzerne factory is 100% owned by Luzerne Pte Ltd. All our processes are undertaken on premises from start to finish with no outsourcing. We stand by our quality assurance with great confidence and pride.

“”

My specialised work with Luzerne for over a decade has seen much development in the interaction between design and advanced technology. But through it all, the creation of exquisitely crafted, timeless and unique products that speak to the Luzerne philosophy has guided us everyday.

My passion for the craft lies in a fascination with the relationship between human collaboration and the challenges posed by modern technology's constant and rapid development. Continually moving forward in time with change and allowing the knowledge and experience we gain to mould the present are the key to finding solutions in this industry.

– Xu Deng Li, Sample Department Manager of Luzerne

“”

Luzerne’s commitment to keep step with technology through training means that we stay ahead in the global ceramic industry. A trustworthy and extensive network built into the organisation further enhances our emphasis on fine craftsmanship. Our ceramic tableware is drawn from fine and sustainable materials, international workmanship standards and modern technology—these make our pieces a pleasure to behold for their qualities of tactile approachability.

We often feel a sense of fulfilment during the creation of our products that comes from a deep understanding of materials and processes. It always moves me to continue making our functional pieces with simple, refined methods.

– Chen Xiao Geng, Forming Supervisor of Luzerne

# The Preferred Choice

Luzerne has grown to become the gold standard for ceramics used in professional establishments worldwide. Our name is synonymous with quality materials, expert craftsmanship and unparalleled service. Today, Luzerne products are created to professional standards for discerning homeowners as well.

As part of a commitment to long-lasting quality and reliability, every Luzerne product is held to the highest standards. Since 2004, Luzerne has adopted the national standard of Criteria for Performance Excellence (GB/T19580-2004) to this end.

We are also proud to be certified and approved by ISO 9001 & ISO 14001.

## What Makes Us Different

In 1995, while experimenting with different clays, our artisans discovered the fine, silky clay of Dehua, China. When this clay was subjected to high temperature firing in the kiln, it gave off a clear and translucent texture with a soft ivory colour of rare beauty. Today, our products are created at the source: in Dehua, the World Porcelain City.

Since then, our artisans have ventured far beyond this discovery to create Luzerne, a name that represents a continuous way of perfecting traditional bone china without the use of animal bone ash. Ours is the work of craftsmen, designers and collaborators whose extraordinary vision and skills shape Luzerne’s evolving aesthetic and functionalities.

Renowned for its smooth, flawless glaze and refined translucency, Luzerne is the preferred choice for the world’s finest hotels, restaurants and chefs.

## Going Green

We go green for the greater good of our planet and its people.

At Luzerne, this means using smarter manufacturing methods and more energy-efficient materials to reduce our impact on the environment.

We have developed innovative ways to reduce waste and use less energy while we continue to make top-quality products at our plant. We also use LPG/LNG, an environmentally friendly fuel that lowers our carbon footprint.

Our recycling efforts involve processing used materials into new products to prevent waste, making energy use more efficient, and reducing air and water pollution throughout the entirety of the development and manufacturing cycle.

Luzerne is also a firm believer in encouraging the use of environmentally friendly materials such as recycled clay, which is used in the creation of our trophies for industry luminaries. These carry the additional advantage of requiring minimal maintenance despite their collectable properties.

# MOD

## When stone meets ceramic

MOD enters the stage as one of Luzerne's first collections in the brand's new stoneware category. Available in the dusted colours of Smoky Basil, Smoky Plum, Dusted White, Frosted Blue and Roasted Sesame, the collection is inspired by a minimalist mood board where home gardening and organic food are part of everyday life. MOD is made with the generous weight of stone. Every piece falls comfortably in cupped hands while the applied glaze gives them a soft natural sheen. Making its appearance as a stoneware collection in a world of ceramic, it's truly love at first sight.

## Natural Elegance

The mood boards at our workshop come in a variety of styles because our artisans frequently draw inspiration from the elements of nature and infuse it into their designs, and Ripple is no exception. As part of our stoneware category, this collection exudes a natural organic feel. Each item in this collection is lovingly coated in a matte glaze on the exterior while the glossy interior provides a juxtapose of subtle elegance. The organic shapes also reveal a clean and simple backstory to this stoneware set that brings us to the freeform environment found in nature.

# Dune

# 03

## Beauty in the Sandstorm

We love breaking the mould when it comes to presenting the Everyday Best on the dining table. As a result of our artisans' dedication to the craft, Dune is born from the kiln. Inspired by the fastchanging landscape of the desert, this collection features thick sturdy rims that are uncommon in tableware design. These robust rims fully accentuate the design's contours and give an interesting twist to the silhouette. The collection's bold structure also lends weight to the overall feel in both hands. Available in three subdued colours: Ash, Clay and Shells.

## In full bloom

Bloom celebrates life; it is a colourful burst of flavours from farm to table. Inspired by the delicate patterns of the human eye, Bloom is a natural work of art—the result of reactive glazing that makes every single piece unique—a reference to how flowers in Spring blossom in all shapes and colours. Every piece in the Bloom collection also features a pattern that gently ripples outward from the centre that is soft and mesmerising like an iris. Bloom is available in the colours of Limestone and Moonstone.

## Authentic charm

Inspired by the sun-kissed countryside, Cottage is a collection that brings out the authenticity and charm of a lively restaurant meal with guests tucking in to a medley of delectable food. Their sturdy and heavily textured shapes are made even more unique via reactive glazing, giving them an individualistic look. On selected pieces, soft gradients extend downwards from the rim, adding another dimension to the design. Cottage is available in three colours: Almond, Caramel and Cinnamon.

## Seaside chic

The muted tones of white and blue in the Hamptons collection recall summery days by the seaside where meals are shared quick and easy over wine and laughter. Inspired by the basic elements of sand and seashells, the collection's natural lines perfectly capture the joy of a weekend get-together by the seaside.

Welcome to a grand daytime tradition: tea with Lancaster, a jaunty and playful collection that gives the classic teatime tabletop a fresh, spirited spin. A homage to toile fabrics and porcelain traditions from all over the world, Lancaster sweetens the scene with irreverent charm, coolly clothed in white or dressed for dancing in muted pink, grey and blue. Create your own idyllic garden scene by mixing the classic whiteware of Lancaster with the vintage hues of Lancaster Garden for a warm modern touch.

## Rich colour that warms the table

A collection that grounds dining trends with its expressive colour and finish, Rustic and its unique imperfections imply a two-way relationship between man and nature. Expert artisans, kiln positioning and a multi-step process create inviting warmth through a glorious reactive glaze and deep, vivid colour. With handcrafted, festive nuances, Rustic is a nod to both the tradition and trends of communal dining, farm-to-table and organic food, and the homemade and handcrafted.

From the people to the products, Luzerne has shown great passion and pride in what they do. As one of the world's best ceramic tableware producers, they represent quality, timelessness and heritage, which I emphasise in my restaurants. At Braci, storytelling is vital for our diners. Like a frame chosen for a painting, the perfect plate by Luzerne adds a touch of luxe to the table.

“ ”

We are longtime supporters of the Luzerne brand and have been using their tableware for nearly 15 years. Luzerne’s modest designs and high standard of quality allows Putien to present its dishes in the most natural way.

Consequently, this offers customers an elevated yet comfortable dining experience. My sincere wish is for our two homegrown brands to continue pursuing excellence while moving with the times.

When my mentor Chef Santi introduced me to Luzerne, I was immediately captivated by this brand. I believe that the right tableware can elevate a dish and Luzerne is exactly the canvas that I need for my creations. There’s so much joy in picking a collection design for the menus wherever I go. Be it in Singapore or the US, Luzerne accompanies me always!

Luzerne creations are beautiful, unique and durable, which is no small thing. It suits my approach: sourcing for the best ingredients and then putting them together. When I come up with a dish, I naturally know what Luzerne plate I will serve it on.

“ ”

To me, what I value most is the plating of food – I treat it as an artwork – a visual delight that excites both the eyes and the palette. Luzerne presents to me a very sophisticated lineup of luxurious collections. It is truly an artistic endeavour by the Luzerne Team... quality that leads to full satisfaction!

Every plate is an art piece and an important aspect of food presentation, as it is human nature that we are attracted to beauty. In addition to the food styling and the combination of tastes and flavours, shape, the texture and size of a plate are key factors that enhance the overall dining experience.

## Inspired by Life

Whiteware need not be bland or uninspiring. Like a life-giving pool of water in the desert, Oasis defies this by stepping out of convention and proposing a design that harmoniously blends aesthetics and functionality. As the whiteware counterpart of Dune, Oasis extends this philosophy into its basic yet classy outline. This collection exudes a distinctive soft ivory colour, like the gentleness of a newborn life. It also features an all-round rim that is thicker than usual tableware making the entire design silhouette more enhanced and robust.

## Minimalism for all seasons

Eco's ease of use translates to adaptability for both the professional and the home chef. Whether at a table's centre or as a companion piece, a clean design takes approachable forms, enhancing any dining table with its functional, social aesthetic and pleasing proportions. Developed as a generous basics range, Eco seamlessly integrates perfectly into your everyday best.

The Coil sub-collection, a grouping of understated shapes endorsed by MasterChef China Judge Steven Liu, can also be found within the Eco range. Select shapes bear a unique coil detail resembling the nautilus shell, emanating presence and culinary wonderment.

## A quiet taste of the big city

Entertaining is a joy with Manhattan, a sophisticated semi-matte range for Western dining inspired by deco-era architecture. Designed with references to urban planning, Manhattan's concentric circles display a romantic, organic sensibility that maintains a quiet and expressive versatility in white.

Oriental's classic shapes reflect the decidedly modern outlook of the Asian chef on a journey of discovery. Serve up a wealth of options from full banquet spreads to everyday dining engagements with a versatile base range that bears the mark of endurance and quality—be it at the communal Asian table, where reinforced edges on selected pieces ensure Oriental's durability, or at formal gatherings, where simplicity is welcome.

## The spectrum of geometric beauty

While refined and intricate in its detailing, Prism never shies away from bold statements, not least when coupled with its more colourful counterparts. Upon closer inspection, angular patterns captivate the attention as they shimmer under the light. White on white never looked this alluring.

## Moving tradition along the grain

From modern Chinese dining to Western plates, Song's rice-grain textured surface draws inspiration from the central role of rice in global cuisines to create a satisfyingly textured collection. Evoking rich cultures while remaining resolutely polished, Song is a generous addition to the table, adding a tactile dimension and visual interest. Be it as a functional basic or a quiet, textural accent, Song works the room with elegance and personality, delivering surprising sophistication.

Dr. Jerry Schwartz

Hotelier and Owner,  
Sofitel Sydney Darling Harbour

“ ”

From the furnishings to the tableware, hospitality operates on the basis of a living and breathing ecosystem of brands that converge to provide the complete experience for the guest. Luzerne takes on this same desire – to bring the Everyday Best experience – at the Sofitel Sydney Darling Harbour. It shines through in our invitation to guests to creatively explore their daily meals, and in the variety it gives to each of our outlets.

“ ”

From a very young age, my greatest ambition has been to elevate Vietnamese cuisine to a higher level—to cook and serve my dishes in an elegant, modern & progressive manner. Luzerne has made possible my dream by providing fine tableware to plate my creations. The brand has also accompanied me on this fabulous journey throughout my eight venues for the past 20 years...a true friend indeed!

“ ”

Diners today are not blind recipients. The table setting always speaks to them first, and a positive impact sets the mood and appetite. When it comes to tableware designed to complement the environment, Luzerne takes care of the different functions any chef requires.

“ ”

The choice of tableware design is paramount to us, and that's why the moment we create a new dish or menu at ChefsToChefs, we make sure that the design matches our clients' expectations. From the rustic to the elegant, Luzerne has it all. Also, I highly appreciate the flexibility and supply stability with its manufacturing headquarters based in China.

## A New Shade of White

Under the watchful eyes of our skilled craftsmen, the L by Luzerne collection is fired at extremely high temperatures in the kiln, thereby producing a suite of tableware that takes on a pristine shade of white. Each individual piece provides a striking contrast on white tablecloths. The clean and white shade also allows food to take centerstage. The collection is the result from the high level of attention needed from craftsmen. From hand to kiln and to the dining table, L by Luzerne is a collection that stands out from the rest.

# Kintji

# 31

## Harmony in diversity

Inspired by Kintsugi - the Japanese art of fusing pottery together with gold - Kintji is a design concept that is built on the philosophy of creating harmony and unity. As part of the L by Luzerne family, Kintji features a suite of elegantly-shaped pieces and is the ideal choice for a refined Oriental table setting.

Like an intricate artwork, this aesthetic collection also features delicate rose gold lines that curve and bend differently on items from size to size. And as you glide your fingers across the surface, you would notice that the patterns are slightly elevated, giving a textured feel that is true to its origin as a Japanese art-inspired collection.

## Oriental Bliss

Bliss is a modern oriental design that sets the tone for refined elegance on the dining table. This collection features an intricate pattern of Chinese knots that symbolise good fortune, wholeness and balance. The pattern wraps around the curvaceous body of individual pieces like the beverage pot and bowl that also resemble a Chinese longevity peach. The prime colour in this collection is a soft and gentle shade of blue accented by mahogany on the knobs which ties back to the theme of wholeness and balance.

## A French affair - from vineyard to table

As part of Luzerne's French-inspired collections, Champagne exudes an elegant yet unpretentious flair. On plates and bowls, the smooth glazed centre forms a striking contrast with the heavy textured rim while the same texture on the exterior provides an interesting tactile feel on cups and bouillons, thus enhancing food presentations. Champagne's clean and simplistic shapes also make everyday dining a fuss-free affair.

## Shaped to perfection

From the lush vineyards of France comes another of Luzerne's French-inspired collections – Chardonnay. Its interweaving lines resemble the winding pathways of a historic vineyard steeped in tradition. The curvaceous and wavy pattern on this collection also brings to the table an organic feel, forming an immediate harmony with the food presented on it. This is where the essence of organic design and a personal touch sums up the Everyday Best Experience.

## Nordic charm

The simple design sense of Scandinavia shines through in the Scandi collection where its clean, minimalist lines add character to any dish. Its stackable feature also brings a classy versatility to this collection – working well as independent pieces or as an entire look. This is one of our original collections that allow you to freely assemble plates, bowls and cups atop one another for that contemporary and design-centric look. Nordic!

## The art of purity

From the artisan's workshop comes another of Luzerne's oriental collection – Tao. Adding to the repertoire this time is a collection that draws essence from the lotus bud, a plant that symbolizes purity of the mind and body. In an oriental dining establishment, Tao is the natural tableware of choice for delicate dishes where the harmony of both taste and presentation is prime consideration.

# Collaborations

Luzerne is a pioneer in the perfection of traditional bone china without the use of animal bone ash. Today, we continue in our quest to balance the contemporary and the traditional.

More than ever, we focus on the production of high-quality ceramic products under our brands Luzerne and L by Luzerne. While we continue to employ traditional techniques like hand-painting, glazing, printing and decal application, we marry these to cutting-edge, modern technologies at a fully automated plant that produces over 28 million pieces of ceramics annually.

We also extend this way of thinking to our creative collaborations, which push traditional boundaries in craftsmanship and imagining ceramics beyond the table top. Our efforts in promoting enjoyment and an appreciation of contemporary art as well as local history and culture, have resulted in a diverse series of collectible art pieces that have reached a growing audience.

Our collaborators include the National Heritage Board museums including the Singapore Art Museum and Asian Civilisations Museum, and local award-winning artists. We continue to support Singaporean art and culture, excellence in the F&B and hospitality industries, and a passion for the everyday best in homes everywhere.

**Warrior Figurines**  
Luzerne for Justin Lee

From an army of terracotta warriors designed by local artist Justin Lee, this provocative work addresses issues of national identity, commercialisation and consumerism in Singaporean society.

**Luzernnie**  
Luzerne for Elephant Parade Bangkok 2015

As the sponsor of the Elephant Parade Bangkok 2015, Luzerne brought a design from our signature showplate collections, Celtic and Lotus Diva, to life. We debuted Luzernnie, a pachyderm adorned in pearlescent pastel colours and butterflies for a fresh elegance synonymous with Luzerne.

**SG50 Jubilee Plate**  
Luzerne for SG50

Created in honour of Singapore's 50th year of independence, the SG50 Jubilee plate traces a five-decade journey through icons of local history in watercolours painted by artist Ng Woon Lam. # Designers

## Julian Dowson

Luzerne craft traditions specialise in translating designs at the crossroads of multiple cultures and influences. To Dowson, these designs cross market boundaries and arrive at the very definition of luxury: a unique and personal experience of quality and value unavailable elsewhere.

A London-based designer, Dowson has created beautiful and functional products for many leading international manufacturers. He believes that tableware must be given consideration at every stage of the design process to create objects that over time and by their very nature will become personal and valued. This, combined with a respect for the commitment and integrity of the manufacturer, ensures his eye for even the finest details.

## Shigeki Okaniwa

Nature's great beauty inspires Shigeki Okaniwa, a believer in distilling its simplest forms, to push boundaries. His experiments with plaster models are the basis of his design vision, and retain the characteristic senses of touch and volume that give vitality to his designs for the Luzerne table top.

Born in 1961 in Japan, Okaniwa is a product designer specialising in ceramic tableware, with over 30 years of experience working for international labels in New York and around the world. His craftsmanship and sensitivity to shape is a highly regarded hallmark of SHIG Product Design Studio, his design consultancy and frequent collaborator with global brands.

# Care & Handling

Luzerne products are designed to withstand normal food service use encountered by tableware at a high-traffic dining establishment in any major city around the world. We define ‘normal food service use’ as use in accordance with generally accepted standards or good practice as in the care advice given below.

Luzerne products are engineered for superior quality, and require minimal, fuss-free care and handling. However, do take extra care when handling all products. For the prevention of breakage and chipping, please avoid:

- Improper loading in dish racks
- Piling heavy items on lighter items
- Stacking items not designed for stacking, like nesting cups and mugs

When it comes to Gold and Platinum show plates, care for them as you would any other delicate item of value. Here are a few ways you can do so:

- Hand wash with mild detergent
- Do not scour with steel wool pads to protect surface
- Not stacking plates temporarily or in storage to prevent scratches
- Use plate racks and linen/felt dividers between each plate
- Avoid exposure to microwave cooking to prevent sparks
